## Wallaroo Reserve works

**Cerberus:** Cr Kate Roper

Public safety barriers are being installed at each of the laneway entrances into Wallaroo Reserve. This project is funded by the federal government to deter motorbikes from entering the reserve. The works are valued at \$50,000 and are currently being delivered.

## Protecting our peninsula

Three-storey buildings up to 11 metres in height could be allowed in some residential areas following planning changes introduced by the state government. Townships affected are Rosebud, Dromana, Capel Sound, Bittern, Hastings, Tyabb, Somerville and Baxter. We've responded swiftly to the changes and have sought an interim control of two stories and nine metres. Attend a session to learn about the changes and how you can help protect the much-loved character of our townships.
