Community Information Session – 16 July 2020

Introduction

1. Project & EES Process Overview
2. Council's Position
3. Council's submission
4. Making a submission
5. Advocacy
6. Key take home messages
7. Question time

1. Project & EES process overview

★ **17 August 2020 Planning Services Committee Meeting:**
Council resolved to oppose the project & adopts submission

2. Council's Position

17 August PSC Meeting

[view](#) [download](#)

Resolved to:

- oppose the project
- adopt a [submission](#)
- add to the submission as more information comes to hand
- advocate to State and Federal Members of Parliament
- support the community to stay informed and make submissions
- Prepare for the Crib Point IAC Public Hearing

3. Council's Submission

The EES is manifestly inadequate to judge risks

The EES does not:

- fully demonstrate environmental impacts
- credibly demonstrate need or economic benefits
- adequately consider alternative sites
- detail AGL's suitability for the project
- detail environmental effects of maintenance and decommissioning
- demonstrate net community benefit to warrant Amendment C272

3. Council's Submission [cont]

Environmental effects of concern:

- Greenhouse gas emissions & climate change
- Marine ecology & biodiversity
- Terrestrial ecology, biodiversity & native vegetation
- Groundwater
- Amenity
- Traffic and transport

...Potential for more issues...

Offset projects (Crib Point & Hastings)

4. Making a submission

- Due **26 August 2020**
- Lodge online at [Engage Victoria](#)
- Respond to the [Draft Evaluation Objectives](#)
- Council's [submission](#) and [webpage](#)
- Environment Victoria
 - [how to write a submission](#)
 - [submission webpage](#)
- *Petitions are not accepted as submissions*

Draft evaluation objective

Energy efficiency, security, affordability and safety – To provide for safe and cost-effective augmentation of Victoria's natural gas supply in the medium to longer term.

Biodiversity – To avoid, minimise or offset potential adverse effects on native flora and fauna and their habitats, especially listed threatened or migratory species and listed threatened communities.

Water and catchment values – To minimise adverse effects on water (including groundwater, waterway, wetland, estuarine, intertidal and marine) quality and movement particularly as they might affect the ecological character of the Western Port Ramsar site.

Cultural heritage – To avoid or minimise adverse effects on Aboriginal and historic cultural heritage.

Social, economic, amenity and land use – To minimise potential adverse social, economic, amenity and land use effects at local and regional scales.

Waste – To minimise generation of wastes by or resulting from the project during construction and operation, including accounting for direct and indirect greenhouse gas emissions.

5. Advocacy

Name	Level	Electorate / Position	Party	
 Hon. Greg Hunt MP	Federal	Flinders	Liberal	Greg.Hunt.MP@aph.gov.au
 Neale Burgess	State	Hastings	Liberal	Neale.Burgess@parliament.vic.gov.au
