

Caring for our Community

STAGE 4 ENFORCED: 2 August

MORNINGTON
PENINSULA
Shire

There are only four reasons to leave your home between 5am – 8pm:

Groceries and essential items within 5km

Care and caregiving

Exercise within 5km

Permitted work and study only

How will Stage 4 restrictions affect me?

These are challenging times. Victoria has entered a State of Disaster and Mornington Peninsula has entered Stage 4 restrictions with stronger rules to limit the movement of people.

As we navigate the next six weeks let's do our best to be patient, resilient and calm. This situation is unfamiliar to all of us. We are in this together and if we all do the right thing we will be on the other side of this sooner.

Do you need help?

The uncertainty the pandemic brings can affect our mental health and we might feel stressed, anxious and worried in ways we haven't before.

It is important to look after yourself and your loved ones who are struggling.

If you need to talk to someone about how you are doing you can call Beyond Blue to speak to a trained counsellor on ☎ 1800 512 348 or Lifeline on ☎ 13 11 14.

If you live under threat of family violence by another person in your home and you are at risk, you are allowed to leave home. If you are stopped, you can tell police you are feeling unsafe and they will help you. Call ☎ 1800 737 732 for confidential counselling and support.

Major changes to our day-to-day lives include:

- Curfew from 8pm-5am every day (the only reasons to leave home during curfew hours are for permitted work, and essential health, care or safety reasons)
- Exercise is limited to a maximum of one hour per day and no more than five kilometres from your home. Group size is limited to a maximum of two*
- Shopping is limited to one person per household per day and within five kilometres of your home*
- Students (including year 11 and 12) learning from home from Wednesday 5 August
- From Thursday 6 August kindergartens, family day care and early childhood education services are only open to vulnerable children and children whose parents are permitted workers and cannot work from home
- The Night Network (route 970 to Rosebud) is suspended
- Face masks/coverings continue to be mandatory.

* If you are unable to leave home because it would mean leaving a young child or at-risk person alone then they can accompany you. If your closest supermarket is further than five kilometres, you can still shop there.

If you have tested positive to COVID-19 or are awaiting your test results, you must stay at home.

The only permitted reason to leave your home is to receive urgent medical care. The Department of Health and Human Services can provide financial support to Victorian workers who are self-isolating or quarantining because they are waiting for test results, have been diagnosed with COVID-19 or are a close contact of a confirmed case.
