Submission Detail

Why do we have a new plan when there are outstanding issues and matters from the 2013-2017 plan not yet complete? Should not the major initiatives and performance measures of the previous plan be presented to the public. How can Council show they are achieving the plan when there is no performance measurement shown to the public in relation to previous plans? Matters that have failed to be addressed in the plan of 2013-2017 should they have not been brought to council meetings to explain their delay? Why does the new council plan lack the performance measures and major initiatives of the 2013-2014 plan?
