

Ready to try cloth nappies? There's a rebate for that!

A baby typically uses around 6,000 nappies before they are toilet trained. That's a lot of nappies going straight to landfill!

If you've been thinking of changing to modern cloth nappies, we can help. We offer a one-off rebate for all parents and carers who purchase

cloth nappies. Simply take a picture of your receipt along with your proof of residency and complete the online rebate form. You'll receive a check in the mail for 50 per cent of the purchase price, maximum rebate \$100.

Better for your wallet,
better for the planet!
